LESSON OVERVIEW

What should students know/do by the end of this week's lessons?

Students will learn to demonstrate a completed game and explain one useful idea about AI. Through teacher demonstrations, discussion and practical activities, students will practise these skills and explain their ideas.

End-of-Week Assessment/Check: How will you know they got it?

Use teacher observation, pupil explanations and the completed practical or paper activity. Record a demonstrated programming skill, an explanation of AI's limits and a personal next step. Note pupils who need further guided practice.

LESSON SLOTS - MONDAY AND THURSDAY

Lesson	Date	Learning Objective	The Lesson Flow	Differentiation
1	28 June 2027	By the end of this lesson, students will be able to demonstrate a completed game and explain one useful idea about AI.	**H:** Invite pupils to choose a game feature or AI idea they are proud to explain. **ID:** Review the showcase routine: explain the goal, demonstrate one working feature, describe a test and listen kindly. **WD:** Model a short game demonstration and explain that an AI prediction needs checking. **YD:** Pupils share one saved game and their AI-helper drawing in pairs or small groups, then identify a skill to practise next year. **C:** Record a demonstrated programming skill, an explanation of AI's limits and a personal next step.	**Support:** Provide large block cards or a short starter script and model one step at a time. Let pupils explain with pictures before typing. **Extension:** Ask pupils to predict the result of one changed block and explain the outcome after testing.
2	1 July 2027	No classroom lesson is scheduled because of Sports Day.	No classroom lesson - Sports Day.	Not applicable - school holiday or event.

MATERIALS NEEDED FOR THE WEEK

- Saved Scratch games, AI-helper drawings and pupil portfolios
- Teacher computer and display
- Working project files, teacher display and a simple feedback checklist
- Prepared picture cards, vocabulary prompts or task sheet
- Whiteboard and markers
- Student notebooks, pencils and colouring materials
- Prepared examples and the lesson success checklist

END-OF-WEEK REFLECTION

- What worked well?

- What flopped or confused students?

- What needs to be re-taught or adjusted next week?
