LESSON OVERVIEW

What should students know/do by the end of this week's lessons?

Students will learn to explain classroom routines and identify digital devices for different user needs. They will also learn to compare two digital devices against a user brief. Through teacher demonstrations, discussion and practical activities, students will practise these skills and explain their ideas.

End-of-Week Assessment/Check: How will you know they got it?

Use teacher observation, pupil explanations and the completed practical or paper activity. Check one routine and a justified device choice from each student. Check evidence linked to user needs and an acknowledged trade-off. Note pupils who need further guided practice.

LESSON SLOTS - MONDAY AND WEDNESDAY

Lesson	Date	Learning Objective	The Lesson Flow	Differentiation
1	24 August 2026	By the end of this lesson, students will be able to explain classroom routines and identify digital devices for different user needs.	**H:** Ask which device students would choose for a mobile journalist. **ID:** Introduce classroom rules, equipment care, school accounts and respectful collaboration. **WD:** Model arriving, signing in, asking for help and choosing a device for a specific task. **YD:** Students practise the routines and classify familiar devices by purpose, portability and user need. **C:** Check one routine and a justified device choice from each student.	**Support:** Provide labelled diagrams, vocabulary and a partly completed comparison table. Model one decision before independent practice. **Extension:** Compare an alternative specification or tool and explain when the recommendation would change.
2	26 August 2026	By the end of this lesson, students will be able to compare two digital devices against a user brief.	**H:** Display a laptop and tablet with fictional specifications. **ID:** Explain essential requirements, desirable features and input, processing, output and storage. **WD:** Compare two	**Support:** Provide labelled diagrams, vocabulary and a partly completed comparison table. Model one decision before independent practice. **Extension:** Compare an alternative specification or tool and explain when the recommendation would change.

			devices for a travelling teacher using input needs, portability, battery life and cost. **YD:** Pairs recommend a device for a school photographer using a comparison table and two requirements. **C:** Check evidence linked to user needs and an acknowledged trade-off.

MATERIALS NEEDED FOR THE WEEK

- Pearson Edexcel International GCSE (9-1) ICT Student Book, printed pages 4-16
- Teacher computer and display
- Classroom computers, school-approved applications and class save folder
- School classroom routines and fictional device comparison briefs
- Whiteboard and markers
- Student notebooks, task sheets and requirements checklists
- Prepared examples and a success checklist

END-OF-WEEK REFLECTION

- What worked well?

- What flopped or confused students?

- What needs to be re-taught or adjusted next week?
