SIAMIS ICT Weekly Lesson Plan

Teacher: Ray Joshua Balingkit | Year 10–11 | Term 1 | Week 2

Year 10 course sequence: Units 1–3. Two 45-minute lessons. Year 11 progression: Units 4–6.

Lesson overview

This week covers smartphones, tablets and cameras and entertainment devices, navigation and home automation.

Pearson Edexcel International GCSE (9-1) ICT Student Book, printed pages 7-14

End of week assessment

Check accurate terminology, explanations and application through the relevant book activities and questions. Record misconceptions and use the next feedback or consolidation session for corrections. Assess only content already taught.

Lesson 1

Smartphones, tablets and cameras

Date: 31 August 2026 | Duration: 45 minutes

Learning objective

By the end of this lesson, students will be able to explain and apply smartphones, tablets and cameras, using accurate textbook terminology and a justified example.

Lesson flow

Hook 5 minutes

Use a short scenario, image or retrieval question to introduce smartphones, tablets and cameras.

Introduce 8 minutes

Teach smartphones, tablets and cameras from printed pages 7-14; include the relevant definitions, diagrams and examples.

We do 10 minutes

Work through a textbook example or comparison for smartphones, tablets and cameras; explain each decision and check understanding.

You do 17 minutes

Complete the relevant textbook activities and questions for smartphones, tablets and cameras. Use a practical demonstration or scenario where appropriate; finish remaining practice as homework.

Check 5 minutes

Explain one key idea about smartphones, tablets and cameras and justify an answer; record misconceptions for the next lesson.

Differentiation

Support: Provide labelled diagrams, vocabulary, a structured response frame and a worked example. Apply agreed access arrangements during independent assessment without supplying answers.

Extension: Justify an alternative solution, explain a limitation or apply the same concept to a new scenario using evidence.

Lesson 2

Entertainment devices, navigation and home automation

Date: 2 September 2026 | Duration: 45 minutes

Learning objective

By the end of this lesson, students will be able to explain and apply entertainment devices, navigation and home automation, using accurate textbook terminology and a justified example.

Lesson flow

Hook 5 minutes

Use a short scenario, image or retrieval question to introduce entertainment devices, navigation and home automation.

Introduce 8 minutes
