SIAMIS ICT Weekly Lesson Plan

Teacher: Ray Joshua Balingkit | Year 10–11 | Term 1 | Week 6

Year 10 course sequence: Units 1–3. Two 45-minute lessons. Year 11 progression: Units 4–6.

Lesson overview

This week covers output devices and their uses and secondary storage, storage capacity and chapter questions.

Pearson Edexcel International GCSE (9-1) ICT Student Book, printed pages 32-41

End of week assessment

Check accurate terminology, explanations and application through the relevant book activities and questions. Record misconceptions and use the next feedback or consolidation session for corrections. Assess only content already taught.

Lesson 1

Output devices and their uses

Date: 28 September 2026 | Duration: 45 minutes

Learning objective

By the end of this lesson, students will be able to explain and apply output devices and their uses, using accurate textbook terminology and a justified example.

Lesson flow

Hook 5 minutes

Use a short scenario, image or retrieval question to introduce output devices and their uses.

Introduce 8 minutes

Teach output devices and their uses from printed pages 32-41; include the relevant definitions, diagrams and examples.

We do 10 minutes

Work through a textbook example or comparison for output devices and their uses; explain each decision and check understanding.

You do 17 minutes

Complete the relevant textbook activities and questions for output devices and their uses. Use a practical demonstration or scenario where appropriate; finish remaining practice as homework.

Check 5 minutes

Explain one key idea about output devices and their uses and justify an answer; record misconceptions for the next lesson.

Differentiation

Support: Provide labelled diagrams, vocabulary, a structured response frame and a worked example. Apply agreed access arrangements during independent assessment without supplying answers.

Extension: Justify an alternative solution, explain a limitation or apply the same concept to a new scenario using evidence.

Lesson 2

Secondary storage, storage capacity and chapter questions

Date: 30 September 2026 | Duration: 45 minutes

Learning objective

By the end of this lesson, students will be able to explain and apply secondary storage, storage capacity and chapter questions, using accurate textbook terminology and a justified example.

Lesson flow

Hook 5 minutes

Use a short scenario, image or retrieval question to introduce secondary storage, storage capacity and chapter questions.

Introduce 8 minutes

Teach secondary storage, storage capacity and chapter questions from printed pages 32-41; include the relevant definitions, diagrams and examples.

We do 10 minutes

Work through a textbook example or comparison for secondary storage, storage capacity and chapter questions; explain each decision and check understanding.
