SIAMIS ICT Weekly Lesson Plan

Teacher: Ray Joshua Balingkit | Year 10–11 | Term 1 | Week 11

Year 10 course sequence: Units 1–3. Two 45-minute lessons. Year 11 progression: Units 4–6.

Lesson overview

This week covers web authoring, image, audio and presentation software and control, project management and communication software; licensing.

Pearson Edexcel International GCSE (9-1) ICT Student Book, printed pages 50-58

End of week assessment

Check accurate terminology, explanations and application through the relevant book activities and questions. Record misconceptions and use the next feedback or consolidation session for corrections. Assess only content already taught.

Lesson 1

Web authoring, image, audio and presentation software

Date: 2 November 2026 | Duration: 45 minutes

Learning objective

By the end of this lesson, students will be able to explain and apply web authoring, image, audio and presentation software, using accurate textbook terminology and a justified example.

Lesson flow

Hook 5 minutes

Use a short scenario, image or retrieval question to introduce web authoring, image, audio and presentation software.

Introduce 8 minutes

Teach web authoring, image, audio and presentation software from printed pages 50-58; include the relevant definitions, diagrams and examples.

We do 10 minutes

Work through a textbook example or comparison for web authoring, image, audio and presentation software; explain each decision and check understanding.

You do 17 minutes

Complete the relevant textbook activities and questions for web authoring, image, audio and presentation software. Use a practical demonstration or scenario where appropriate; finish remaining practice as homework.

Check 5 minutes

Explain one key idea about web authoring, image, audio and presentation software and justify an answer; record misconceptions for the next lesson.

Differentiation

Support: Provide labelled diagrams, vocabulary, a structured response frame and a worked example. Apply agreed access arrangements during independent assessment without supplying answers.

Extension: Justify an alternative solution, explain a limitation or apply the same concept to a new scenario using evidence.

Lesson 2

Control, project management and communication software; licensing

Date: 4 November 2026 | Duration: 45 minutes

Learning objective

By the end of this lesson, students will be able to explain and apply control, project management and communication software; licensing, using accurate textbook terminology and a justified example.

Lesson flow

Hook 5 minutes

Use a short scenario, image or retrieval question to introduce control, project management and communication software; licensing.

Introduce 8 minutes

Teach control, project management and communication software; licensing from printed pages 50-58; include the relevant definitions, diagrams and examples.

We do 10 minutes

Work through a textbook example or comparison for control, project management and communication software; licensing; explain each decision and check understanding.

You do 17 minutes
