SIAMIS ICT Weekly Lesson Plan

Teacher: Ray Joshua Balingkit | Year 10–11 | Term 2 | Week 1

Year 10 course sequence: Units 1–3. Two 45-minute lessons. Year 11 progression: Units 4–6.

Lesson overview

This week covers wired and wireless communication methods and internet access; connection comparisons and chapter questions.

Pearson Edexcel International GCSE (9-1) ICT Student Book, printed pages 73-78

End of week assessment

Check accurate terminology, explanations and application through the relevant book activities and questions. Record misconceptions and use the next feedback or consolidation session for corrections. Assess only content already taught.

Lesson 1

Wired and wireless communication methods

Date: 4 January 2027 | Duration: 45 minutes

Learning objective

By the end of this lesson, students will be able to explain and apply wired and wireless communication methods, using accurate textbook terminology and a justified example.

Lesson flow

Hook 5 minutes

Use a short scenario, image or retrieval question to introduce wired and wireless communication methods.

Introduce 8 minutes

Teach wired and wireless communication methods from printed pages 73-78; include the relevant definitions, diagrams and examples.

We do 10 minutes

Work through a textbook example or comparison for wired and wireless communication methods; explain each decision and check understanding.

You do 17 minutes

Complete the relevant textbook activities and questions for wired and wireless communication methods. Use a practical demonstration or scenario where appropriate; finish remaining practice as homework.

Check 5 minutes

Explain one key idea about wired and wireless communication methods and justify an answer; record misconceptions for the next lesson.

Differentiation

Support: Provide labelled diagrams, vocabulary, a structured response frame and a worked example. Apply agreed access arrangements during independent assessment without supplying answers.

Extension: Justify an alternative solution, explain a limitation or apply the same concept to a new scenario using evidence.

Lesson 2

Internet access; connection comparisons and chapter questions

Date: 6 January 2027 | Duration: 45 minutes

Learning objective

By the end of this lesson, students will be able to explain and apply internet access; connection comparisons and chapter questions, using accurate textbook terminology and a justified example.
