SIAMIS ICT Weekly Lesson Plan

Teacher: Ray Joshua Balingkit | Year 10–11 | Term 2 | Week 10

Year 10 course sequence: Units 1–3. Two 45-minute lessons. Year 11 progression: Units 4–6.

Lesson overview

This week covers permissions, secure websites, links and backups and payment security and chapter questions.

Pearson Edexcel International GCSE (9-1) ICT Student Book, printed pages 103-108

End of week assessment

Check accurate terminology, explanations and application through the relevant book activities and questions. Record misconceptions and use the next feedback or consolidation session for corrections. Assess only content already taught.

Lesson 1

Permissions, secure websites, links and backups

Date: 8 March 2027 | Duration: 45 minutes

Learning objective

By the end of this lesson, students will be able to explain and apply permissions, secure websites, links and backups, using accurate textbook terminology and a justified example.

Lesson flow

Hook 5 minutes

Use a short scenario, image or retrieval question to introduce permissions, secure websites, links and backups.

Introduce 8 minutes

Teach permissions, secure websites, links and backups from printed pages 103-108; include the relevant definitions, diagrams and examples.

We do 10 minutes

Work through a textbook example or comparison for permissions, secure websites, links and backups; explain each decision and check understanding.

You do 17 minutes

Complete the relevant textbook activities and questions for permissions, secure websites, links and backups. Use a practical demonstration or scenario where appropriate; finish remaining practice as homework.

Check 5 minutes

Explain one key idea about permissions, secure websites, links and backups and justify an answer; record misconceptions for the next lesson.

Differentiation

Support: Provide labelled diagrams, vocabulary, a structured response frame and a worked example. Apply agreed access arrangements during independent assessment without supplying answers.

Extension: Justify an alternative solution, explain a limitation or apply the same concept to a new scenario using evidence.

Lesson 2

Payment security and chapter questions

Date: 10 March 2027 | Duration: 45 minutes

Learning objective

By the end of this lesson, students will be able to explain and apply payment security and chapter questions, using accurate textbook terminology and a justified example.

Lesson flow

Hook 5 minutes

Use a short scenario, image or retrieval question to introduce payment security and chapter questions.

Introduce 8 minutes

Teach payment security and chapter questions from printed pages 103-108; include the relevant definitions, diagrams and examples.

We do 10 minutes

Work through a textbook example or comparison for payment security and chapter questions; explain each decision and check understanding.

You do 17 minutes

Complete the relevant textbook activities and questions for payment security and chapter questions. Use a practical demonstration or scenario where appropriate; finish remaining practice as homework.

Check 5 minutes

Explain one key idea about payment security and chapter questions and justify an answer; record misconceptions for the next lesson.

Differentiation

Support: Provide labelled diagrams, vocabulary, a structured response frame and a worked example. Apply agreed access arrangements during independent assessment without supplying answers.

Extension: Justify an alternative solution, explain a limitation or apply the same concept to a new scenario using evidence.

Materials

Teacher computer and display

School-approved applications, class save folder and fictional scenarios

Relevant textbook diagrams, activities and chapter questions

Student notebooks and a teacher assessment checklist

Teacher reflection

What worked well? _____

What needs reteaching or adjustment? _____
