SIAMIS ICT Weekly Lesson Plan

Teacher: Ray Joshua Balingkit | Year 10–11 | Term 3 | Week 1

Year 10 course sequence: Units 1–3. Two 45-minute lessons. Year 11 progression: Units 4–6.

Lesson overview

This week covers digital footprints and working from home and internet effects on organisations and information management.

Pearson Edexcel International GCSE (9-1) ICT Student Book, printed pages 118-124

End of week assessment

Check accurate terminology, explanations and application through the relevant book activities and questions. Record misconceptions and use the next feedback or consolidation session for corrections. Assess only content already taught.

Lesson 1

Digital footprints and working from home

Date: 19 April 2027 | Duration: 45 minutes

Learning objective

By the end of this lesson, students will be able to explain and apply digital footprints and working from home, using accurate textbook terminology and a justified example.

Lesson flow

Hook 5 minutes

Use a short scenario, image or retrieval question to introduce digital footprints and working from home.

Introduce 8 minutes

Teach digital footprints and working from home from printed pages 118-124; include the relevant definitions, diagrams and examples.

We do 10 minutes

Work through a textbook example or comparison for digital footprints and working from home; explain each decision and check understanding.

You do 17 minutes

Complete the relevant textbook activities and questions for digital footprints and working from home. Use a practical demonstration or scenario where appropriate; finish remaining practice as homework.

Check 5 minutes

Explain one key idea about digital footprints and working from home and justify an answer; record misconceptions for the next lesson.

Differentiation

Support: Provide labelled diagrams, vocabulary, a structured response frame and a worked example. Apply agreed access arrangements during independent assessment without supplying answers.

Extension: Justify an alternative solution, explain a limitation or apply the same concept to a new scenario using evidence.

Lesson 2

Internet effects on organisations and information management

Date: 21 April 2027 | Duration: 45 minutes

Learning objective

By the end of this lesson, students will be able to explain and apply internet effects on organisations and information management, using accurate textbook terminology and a justified example.
