SIAMIS ICT Weekly Lesson Plan

Teacher: Ray Joshua Balingkit | Year 10–11 | Term 3 | Week 3

Year 10 course sequence: Units 1–3. Two 45-minute lessons. Year 11 progression: Units 4–6.

Lesson overview

This week covers social networking: functions and features and online workspaces and virtual learning environments.

Pearson Edexcel International GCSE (9-1) ICT Student Book, printed pages 132-140

End of week assessment

Check accurate terminology, explanations and application through the relevant book activities and questions. Record misconceptions and use the next feedback or consolidation session for corrections. Assess only content already taught.

Lesson 1

Social networking: functions and features

Date: 3 May 2027 | Duration: 45 minutes

Learning objective

By the end of this lesson, students will be able to explain and apply social networking: functions and features, using accurate textbook terminology and a justified example.

Lesson flow

Hook 5 minutes

Use a short scenario, image or retrieval question to introduce social networking: functions and features.

Introduce 8 minutes

Teach social networking: functions and features from printed pages 132-140; include the relevant definitions, diagrams and examples.

We do 10 minutes

Work through a textbook example or comparison for social networking: functions and features; explain each decision and check understanding.

You do 17 minutes

Complete the relevant textbook activities and questions for social networking: functions and features. Use a practical demonstration or scenario where appropriate; finish remaining practice as homework.

Check 5 minutes

Explain one key idea about social networking: functions and features and justify an answer; record misconceptions for the next lesson.

Differentiation

Support: Provide labelled diagrams, vocabulary, a structured response frame and a worked example. Apply agreed access arrangements during independent assessment without supplying answers.

Extension: Justify an alternative solution, explain a limitation or apply the same concept to a new scenario using evidence.

Lesson 2

Online workspaces and virtual learning environments

Date: 5 May 2027 | Duration: 45 minutes

Learning objective

By the end of this lesson, students will be able to explain and apply online workspaces and virtual learning environments, using accurate textbook terminology and a justified example.

Lesson flow

Hook 5 minutes

Use a short scenario, image or retrieval question to introduce online workspaces and virtual learning environments.

Introduce 8 minutes

Teach online workspaces and virtual learning environments from printed pages 132-140; include the relevant definitions, diagrams and examples.

We do 10 minutes

Work through a textbook example or comparison for online workspaces and virtual learning environments; explain each decision and check understanding.

You do 17 minutes
