LESSON OVERVIEW

What should students know/do by the end of this week's lessons?

Students will learn to choose content with suitable permission and explain why credit alone does not authorise reuse. They will also learn to write a source citation and a useful attribution for a permitted image. Through teacher demonstrations, discussion and practical activities, students will practise these skills and explain their ideas.

End-of-Week Assessment/Check: How will you know they got it?

Use teacher observation, pupil explanations and the completed practical or paper activity. Check a justified content choice and an explanation that licence conditions and attribution both matter. Check that the original sources can be located, borrowed work is acknowledged and the stated reuse conditions are followed. Note pupils who need further guided practice.

LESSON SLOTS - MONDAY AND TUESDAY

Lesson	Date	Learning Objective	The Lesson Flow	Differentiation
1	9 November 2026	By the end of this lesson, students will be able to choose content with suitable permission and explain why credit alone does not authorise reuse.	**H:** Compare an image with clear reuse terms and an image with no permission information. **ID:** Introduce copyright, permission, licences and plagiarism. Explain that buying or finding content does not automatically allow redistribution. **WD:** Use a teacher-selected image record to check its source, licence and allowed use before adding it to a class document. **YD:** Pupils sort fictional permission scenarios and choose a permitted image from the approved pack, recording the creator and licence. **C:** Check a justified content choice and an explanation that licence conditions and attribution both matter.	**Support:** Use fictional scenarios and teacher-approved sources. Provide a vocabulary bank, a reporting checklist and a citation frame; avoid personal disclosures. **Extension:** Ask pupils to justify an action for a less obvious scenario or improve a source record, explaining the privacy, safety or licence reason.
2	10	By the end of this lesson,	**H:** Show an image credit	**Support:** Use fictional

MATERIALS NEEDED FOR THE WEEK

- Oxford International Lower Secondary Computing Student Book 7 printed pages 50-57
- Teacher computer and display
- Classroom computers or laptops and the class save folder
- Fictional online-safety scenarios, approved source cards and citation frames
- Whiteboard and markers
- Approved image pack with permission details and source-credit records
- Teacher reference: https://creativecommons.org/reusing-cc-licensed-content/

END-OF-WEEK REFLECTION

- What worked well?

- What flopped or confused students?

- What needs to be re-taught or adjusted next week?
