LESSON OVERVIEW

What should students know/do by the end of this week's lessons?

Students will learn to describe ways people use computers outside school. They will also learn to identify how different people use computers at school. Through class discussion, teacher demonstrations and practical activities, students will practise these skills and explain their ideas.

End-of-Week Assessment/Check: How will you know they got it?

Use teacher observation, pupil explanations and the completed practical or paper activity. Check the specific outcomes in each lesson row and note pupils who need further practice.

LESSON SLOTS - MONDAY AND THURSDAY

Lesson	Date	Learning Objective	The Lesson Flow	Differentiation
1	7 September 2026	By the end of this lesson, students will be able to describe ways people use computers outside school.	**H:** Ask how an imaginary family might use a computer at home; avoid requesting private family information. **ID:** Use pages 10-11 to explore finding information, playing, communicating and working. **WD:** Match a picture of an adult using a computer to an appropriate task. **YD:** Pupils choose two pictures and explain or draw how computers help the people shown. **C:** Each pupil gives one example of computer use outside school.	**Support:** Use pictures, adult reading and a paired demonstration. Accept pointing or an oral response before writing. **Extension:** Ask pupils to explain their choice and give another appropriate example.
2	10 September 2026	By the end of this lesson, students will be able to identify how different people use computers at school.	**H:** Ask who uses a computer in our school. **ID:** Use pages 12-13 to discuss teaching, office work, writing letters and checking library books. **WD:** Match a school role to a computer task and explain why the computer	**Support:** Use pictures, adult reading and a paired demonstration.
