LESSON OVERVIEW

What should students know/do by the end of this week's lessons?

Students will learn to demonstrate safe use, name computer parts and explain one way computers help. They will also learn to correct an identified misunderstanding from the Unit 1 learning check. Through class discussion, teacher demonstrations and practical activities, students will practise these skills and explain their ideas.

End-of-Week Assessment/Check: How will you know they got it?

Use teacher observation, pupil explanations and the completed practical or paper activity. Check the specific outcomes in each lesson row and note pupils who need further practice.

LESSON SLOTS - MONDAY AND THURSDAY

Lesson	Date	Learning Objective	The Lesson Flow	Differentiation
1	28 September 2026	By the end of this lesson, students will be able to demonstrate safe use, name computer parts and explain one way computers help.	**H:** Recall a school computer task. **ID:** Explain the oral, picture and practical learning check using pages 18-19. **WD:** Model how to show an answer without giving pupils the answers to all check questions. **YD:** Pupils respond individually: show safe use, name a computer part and draw or explain a useful task. **C:** Record secure ideas and misconceptions to revisit in the next lesson.	**Support:** Use pictures, adult reading and a paired demonstration. Accept pointing or an oral response before writing. **Extension:** Ask pupils to explain their choice and give another appropriate example.
2	1 October 2026	By the end of this lesson, students will be able to correct an identified misunderstanding from the Unit 1 learning check.	**H:** Share an anonymous example of a common misunderstanding. **ID:** Review the relevant Unit 1 picture or demonstration without naming pupils. **WD:** Model checking an answer against the computer or book	**Support:** Use pictures, adult reading and a paired demonstration. Accept pointing or an oral response before writing. **Extension:** Ask pupils to explain their choice and give another appropriate example.

			example. **YD:** Pupils revisit the task they found difficult, practise with support and explain an improved answer. **C:** Compare the revised response with the learning-check evidence.

MATERIALS NEEDED FOR THE WEEK

- Y1 Computing T1 W06 Lesson Reference.pdf
- Student Book 1 printed pages 18-19
- Whiteboard and markers
- Prepared pictures or task cards
- Classroom computers or laptops
- Drawing paper or activity sheets
- Pencils and colouring materials; Student notebooks

END-OF-WEEK REFLECTION

- What worked well?

- What flopped or confused students?

- What needs to be re-taught or adjusted next week?
