LESSON OVERVIEW

What should students know/do by the end of this week's lessons?

Students will learn to demonstrate stopping and telling a trusted adult when online content causes worry. They will also learn to recognise personal information and choose not to share it without adult guidance. Through class discussion, teacher demonstrations and practical activities, students will practise these skills and explain their ideas.

End-of-Week Assessment/Check: How will you know they got it?

Use teacher observation, pupil explanations and the completed practical or paper activity. Check the specific outcomes in each lesson row and note pupils who need further practice.
