LESSON OVERVIEW

What should students know/do by the end of this week's lessons?

Students will learn to demonstrate a saved game and explain an AI helper's job, limitation and safety rule. Through class discussion, teacher demonstrations and practical activities, students will practise these skills and explain their ideas.

End-of-Week Assessment/Check: How will you know they got it?

Use teacher observation, pupil explanations and the completed practical or paper activity. Check the specific outcomes in each lesson row and note pupils who need further practice.

LESSON SLOTS - MONDAY AND THURSDAY

Lesson	Date	Learning Objective	The Lesson Flow	Differentiation
1	28 June 2027	By the end of this lesson, students will be able to demonstrate a saved game and explain an AI helper's job, limitation and safety rule.	**H:** Recall the games created and the AI Helper drawing. **ID:** Explain how to give a brief presentation: show the work, name a decision and explain a check or improvement. **WD:** Present a small game and an AI Helper example, including a possible mistake and a trusted adult who checks. **YD:** Pupils demonstrate one saved game and present their AI Helper page. Partners ask one simple question and respond kindly. **C:** Record evidence of a working interaction, a clear explanation and a safe AI-use habit.	**Support:** Allow paired presentation, adult prompting, pointing and dictated responses. **Extension:** Ask pupils to explain a change they made after testing and why it improved the work.
2	1 July 2027	Sports Day - no lesson	Sports Day - no lesson	Sports Day - no lesson

MATERIALS NEEDED FOR THE WEEK

- Saved games and completed AI Helper pages
- Teacher computer and display
- Whiteboard and markers
- Simple showcase and reflection checklist
- Classroom computers or laptops
- Drawing paper or activity sheets
- Pencils and colouring materials; Student notebooks

END-OF-WEEK REFLECTION

- What worked well?

- What flopped or confused students?

- What needs to be re-taught or adjusted next week?
