LESSON OVERVIEW

What should students know/do by the end of this week's lessons?

Students will learn to check a web claim and respond safely to unsuitable content. They will also learn to protect private information and report an online concern. Through teacher demonstrations, discussion and practical activities, students will practise these skills and explain their ideas.

End-of-Week Assessment/Check: How will you know they got it?

Use teacher observation, pupil explanations and the completed practical or paper activity. Check pupils justify trusting or questioning a claim and name an adult they would tell about upsetting content. Check pupils protect private details and explain how to get help without blaming the person affected. Note pupils who need further guided practice.

LESSON SLOTS - MONDAY AND THURSDAY

Lesson	Date	Learning Objective	The Lesson Flow	Differentiation
1	9 November 2026	By the end of this lesson, students will be able to check a web claim and respond safely to unsuitable content.	**H:** Compare two harmless claims and ask whether being online makes a claim true. **ID:** Explain checks for author, date, evidence and agreement with dependable sources. Distinguish fact from opinion. **WD:** Compare a claim on approved pages. Model closing an upsetting page, not sharing it and telling a trusted adult without showing harmful content. **YD:** Pairs check prepared pages and practise asking for help with a fictional, non-graphic scenario. **C:** Check pupils justify trusting or questioning a claim and name an adult they would tell about upsetting content.	**Support:** Provide approved page screenshots, a vocabulary bank and a short search and safety checklist. Use a paired demonstration and prepared offline pages where needed. **Extension:** Ask pupils to justify a refined search or source choice, explain a limitation and compare two suitable ways to find the same information.
2	12 November 2026	By the end of this lesson, students will be able to protect private information and report an	**H:** Show a fictional friend request from a stranger and ask for the safe next step.	**Support:** Provide approved page screenshots, a vocabulary bank and a short search and safety checklist.

		online concern.	**ID:** Review unknown contacts and files, private information, kindness and adult help with privacy settings. Do not create social-media accounts. **WD:** Model refusing to share an address, leaving an unknown file unopened and reporting a concern through the school route. **YD:** Pupils sort fictional scenarios, explain safe responses and name trusted adults at home and school. Practise kind messages on paper. **C:** Check pupils protect private details and explain how to get help without blaming the person affected.	Use a paired demonstration and prepared offline pages where needed. **Extension:** Ask pupils to justify a refined search or source choice, explain a limitation and compare two suitable ways to find the same information.

MATERIALS NEEDED FOR THE WEEK

- Oxford International Primary Computing Student Book 4 printed pages 30-33
- Teacher computer and display
- Class computers with supervised browser access and the class save folder
- Approved web pages, search and bookmark examples, or offline page cards
- Whiteboard and markers
- Student notebooks, pencils and prepared vocabulary prompts
- Source-check checklist and fictional online safety scenarios

END-OF-WEEK REFLECTION

- What worked well?

- What flopped or confused students?

- What needs to be re-taught or adjusted next week?
