## LESSON OVERVIEW

### What should students know/do by the end of this week's lessons?

Students will demonstrate the knowledge and practical skills taught in Unit 2: respectful use, web-page components, text, images, navigation and review. The two lessons provide independent school assessment tasks and opportunities to show a practical skill and explain a choice.

### End-of-Week Assessment/Check: How will you know they got it?

Assess the prepared knowledge and practical tasks against the taught outcomes. Record correct responses, independent actions, explanations and any access support provided. Use the results to identify specific skills for follow-up.

## LESSON SLOTS - WEDNESDAY AND THURSDAY

| Lesson | Date | Learning Objective | The Lesson Flow | Differentiation |
|---|---|---|---|---|
| 1 | 2 December 2026 | By the end of this lesson, students will be able to complete an independent school assessment of web-page knowledge and responsible use. | **H:** Welcome pupils calmly and check that the prepared papers or saved drafts are ready.<br><br>**ID:** Explain the familiar task format, success criteria and agreed access arrangements; pupils work independently.<br><br>**WD:** Demonstrate only how to record or save an answer using an unrelated example; do not rehearse assessed content.<br><br>**YD:** Pupils identify web-page components and explain respectful use, image permission and a review decision. Collect evidence and record any technical or access support.<br><br>**C:** Check that evidence is saved or collected, record independence against the criteria and identify outcomes for later feedback. | **Support:** Apply the school's agreed access arrangements. Read task instructions without giving content answers and record any assistance.<br><br>**Extension:** Use the planned explanation or design-justification question after the core tasks; do not introduce new content. |

## MATERIALS NEEDED FOR THE WEEK

- Oxford International Primary Computing Student Book 6 printed pages 20-35
- Teacher computer and display
- Classroom computers or laptops and the class save folder
- Prepared school assessment tasks covering the stated outcomes
- Whiteboard and markers
- Approved image pack with permission details and source-credit records
- Teacher observation checklist and school access arrangements

## END-OF-WEEK REFLECTION

- What worked well?

- What flopped or confused students?

- What needs to be re-taught or adjusted next week?
