Students will analyse information and meaning in film posters and explain how stars and poster choices attract audiences. Knowledge and application follow the weekly reference extract, printed pages 25-28.

End-of-Week Assessment/Check: Review the independent responses and both exit checks for accurate terminology, specific evidence and clear explanations. Record misconceptions for the next lesson.

LESSON SLOTS - TUESDAY AND FRIDAY

Lesson	Date	Learning Objective	The Lesson Flow	Differentiation
1	22 September 2026	Lesson 1: Film posters: information and meaning By the end of this lesson, students will be able to analyse information and meaning in film posters.	H (5 min): Use a short example or retrieval question to activate prior knowledge of film posters: information and meaning. ID (10 min): Teach main image, title, tagline, colour, layout, credits and release details; denotation and suggested genre. WD (10 min): Model one analysis or worked response. Identify a specific feature, explain its meaning and link it to audience or purpose. YD (15 min): Students annotate two posters using a feature, meaning and evidence grid; infer genre and likely audience. Require evidence and explanations, then check responses with a partner. C (5 min): Students support a genre inference with two poster details. Use responses to identify misconceptions.	Support: Provide key vocabulary, a labelled example and a response frame. Break the task into steps and check understanding before independent work. Extension: Compare an alternative example or interpretation and justify how context changes the audience response.
