LESSON OVERVIEW

What should students know/do by the end of this week's lessons?

Students will learn to complete an independent assessment of the taught content and demonstrate understanding with accurate explanations. They will also learn to complete an independent assessment of the taught content and demonstrate understanding with accurate explanations. Through teacher demonstrations, discussion and practical activities, students will practise these skills and explain their ideas.

End-of-Week Assessment/Check: How will you know they got it?

Teacher questioning, class discussion, the completed textbook activities and the final checks in both lessons. Check accurate terminology, explanations and application through the relevant book activities and questions. Record misconceptions and use the next feedback or consolidation session for corrections. Assess only content already taught.

LESSON SLOTS - MONDAY & WEDNESDAY

Lesson	Date	Learning Objective	The Lesson Flow	Differentiation
1	12 October 2026	By the end of this lesson, students will be able to complete an independent assessment of the taught content and demonstrate understanding with accurate explanations.	**H:** Check that papers, source cards and required files are ready. **ID:** Explain the assessment instructions and agreed access arrangements without rehearsing answers. **WD:** Demonstrate only how to record or save responses using an unrelated example. **YD:** Complete the prepared independent assessment; collect written or practical evidence. **C:** Collect and check saved evidence; record support and identify outcomes for later feedback.	**Support:** Provide labelled diagrams, vocabulary, a structured response frame and a worked example. Apply agreed access arrangements during independent assessment without supplying answers. **Extension:** Justify an alternative solution, explain a limitation or apply the same concept to a new scenario using evidence.
