LESSON OVERVIEW

What should students know/do by the end of this week's lessons?

Students will learn to explain and apply web authoring, image, audio and presentation software, using accurate textbook terminology and a justified example. They will also learn to explain and apply control, project management and communication software; licensing, using accurate textbook terminology and a justified example. Through teacher demonstrations, discussion and practical activities, students will practise these skills and explain their ideas.

End-of-Week Assessment/Check: How will you know they got it?

Teacher questioning, class discussion, the completed textbook activities and the final checks in both lessons. Check accurate terminology, explanations and application through the relevant book activities and questions. Record misconceptions and use the next feedback or consolidation session for corrections. Assess only content already taught.

LESSON SLOTS - MONDAY & WEDNESDAY

Lesson	Date	Learning Objective	The Lesson Flow	Differentiation
1	2 November 2026	By the end of this lesson, students will be able to explain and apply web authoring, image, audio and presentation software, using accurate textbook terminology and a justified example.	**H:** Use a short scenario, image or retrieval question to introduce web authoring, image, audio and presentation software. **ID:** Teach web authoring, image, audio and presentation software from printed pages 50-58; include the relevant definitions, diagrams and examples. **WD:** Work through a textbook example or comparison for web authoring, image, audio and presentation software; explain each decision and check understanding. **YD:** Complete the relevant textbook activities and questions for web authoring, image, audio and presentation software. Use a practical demonstration or scenario where appropriate; finish remaining practice as homework.	**Support:** Provide labelled diagrams, vocabulary, a structured response frame and a worked example. Apply agreed access arrangements during independent assessment without supplying answers. **Extension:** Justify an alternative solution, explain a limitation or apply the same concept to a new scenario using evidence.

			C: Explain one key idea about web authoring, image, audio and presentation software and justify an answer; record misconceptions for the next lesson.	
2	4 November 2026	By the end of this lesson, students will be able to explain and apply control, project management and communication software; licensing, using accurate textbook terminology and a justified example.	**H:** Use a short scenario, image or retrieval question to introduce control, project management and communication software; licensing. **ID:** Teach control, project management and communication software; licensing from printed pages 50-58; include the relevant definitions, diagrams and examples. **WD:** Work through a textbook example or comparison for control, project management and communication software; licensing; explain each decision and check understanding. **YD:** Complete the relevant textbook activities and questions for control, project management and communication software; licensing. Use a practical demonstration or scenario where appropriate; finish remaining practice as homework. **C:** Explain one key idea about control, project management and communication software; licensing and justify an answer; record misconceptions for the next lesson.	**Support:** Provide labelled diagrams, vocabulary, a structured response frame and a worked example. Apply agreed access arrangements during independent assessment without supplying answers. **Extension:** Justify an alternative solution, explain a limitation or apply the same concept to a new scenario using evidence.

MATERIALS NEEDED FOR THE WEEK

- Pearson Edexcel International GCSE (9-1) ICT Student Book, printed pages 50-58
- Teacher computer and display
- School-approved applications, class save folder and fictional scenarios
- Relevant textbook diagrams, activities and chapter questions
- Student notebooks and a teacher assessment checklist

END-OF-WEEK REFLECTION

- What worked well?

- What flopped or confused students?

- What needs to be re-taught or adjusted next week?
